## Surf's Up For Kids

A few years ago, I had the opportunity to meet an incredible Welsh pony named Surf at a barn where my daughter was taking lessons. At first, Surf seemed like a nervous and shy pony. Whenever I had the chance to work with Surf, I felt relaxed and calm. Just being in his presence would help alleviate any stress. I knew that he had the potential to be an incredible therapy pony. I could only imagine what he would do for a child battling cancer or any other life-threatening illness. This past January, Surf's owner reached out to me and asked if I would be interested in buying Surf for my program. I was offered a great price for Surf and I am so happy to announce that JTCF now has full ownership of this special pony. I believe he will do wonders for the children that we help.

"Surf's Up For Kids" will not only focus on helping children battling cancer and other life-threatening illnesses. We will also assist children with special needs. Therapy services will include all aspects of pony care, from basic grooming, to walking and even assisted riding. Children will focus on Surf, instead of the illness or disability that they are living with or fighting. Surf's Up For Kids will be one hundred percent free to the families and the children we serve. Surf's home is in Huntington, New York at Stanhope Stables.

Please consider supporting our new "Surf's Up For Kids" program. I know that Surf will make a positive impact in the lives of the children we assist. Thank you so much for your past support.

Sincerely,

John Theissen
